

PRESS RELEASE**Warehouse extension**

The ACTIVA expanded in April 2009 warehouse space in its headquarters in Prague Letňany linking two existing warehouse buildings. Storage area was extended by another 1500 m² which represents 1,300 pallet positions. The construction was again realized by VGP group.

The total area of the central warehouse is now 12,000 m² and 2,000 m² the company hires in a neighboring complex logistics necessary for the supply of retail chains.
